

EQIP - WaterSMART Initiative

Opportunities available in Madera and Fresno Counties

What is EQIP-WaterSMART?

WaterSMART stands for Sustain and Manage America's Resources for Tomorrow, and is a program of the Department of Interior's Bureau of Reclamation (USBR).

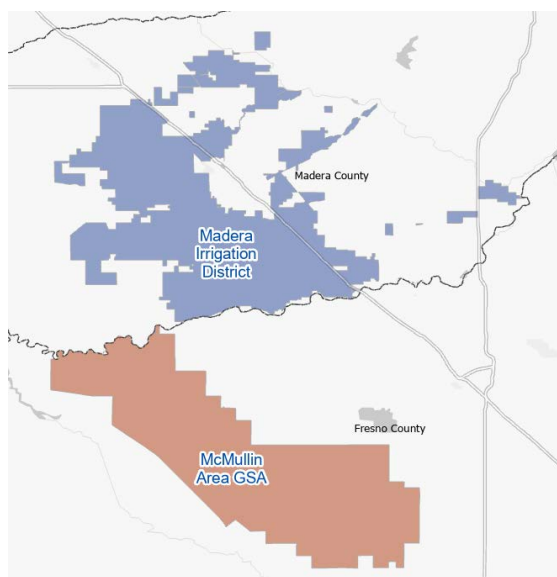

Through this program, USBR supports water conservation planning and improvement projects by states, tribes, local governments, irrigation or water companies, and other organizations.

In partnership, NRCS offers Environmental Quality Incentives Program (EQIP) funding to improve water conservation and irrigation water use efficiency on eligible farms within the boundaries of a District that has received WaterSMART funding. These farm-scale projects complement the District-wide water conservation projects funded through the USBR.

EQIP WaterSMART projects in Madera and Fresno Counties prioritize reducing groundwater withdrawals and improving irrigation efficiency.

Am I eligible?

Farms across Madera and Fresno Counties are eligible for regular EQIP funding. Farmers in WaterSMART boundaries, identified on this map, can compete for the additional funds provided through the WaterSMART Initiative.

How do I apply?

- Fall 2023:

Submit an application form (Form 1200) to your NRCS Service Center

Due date November 3, 2023

- Fall-Winter 2023:

Develop a plan with the NRCS Conservationist

- Early 2024:

Funding decisions announced and contracts awarded
